

Third of the sustainability report, which is Yüksel İnşaat's publishing annual, the "Riseability IV" was released. The report is prepared according to the application level in line core and compliance with United Nations Global Compact (UN Global Compact) requirements and the Global Reporting Initiative (GRI) Guidelines. This report covers January 2014 - December 2014 information and material impacts of Yüksel, including stakeholders opinions and concerns. The new sustainability report of Yüksel, Riseability IV (English version will be available soon):
