

{gallery}building/article_id_356{/gallery}

This project is designed to meet all requirements of a modern business life and implemented with the most advanced construction technology. It is an investment project of Yüksel Group. The center built on 10,000 m² of land with 65,000 m² of construction area has 2 tower blocks and 4 office blocks with recreation facilities to serve these buildings. The towers each have 2 basements and 22 floors each 525 m² , having a car park area with 250 outdoor and 500 indoor capacity, a cafeteria, restaurant and sports facilities. Two of the office blocks serve as the head offices of the Yüksel Group Companies and the other two for Ciner Group and ATV / Sabah Media Groups. Two tower blocks serve Ministry of Environment and Forestry. Being the owner of the investment, Yüksel is proud to contribute to the development of a new business district in the Turkish Capital.
